Abstract This article looks at early proposals for an international archive, at the different respects in which archives are international or transnational, and at the development since 1946 of the archives of international organizations.

The Archives of Universal History - DASH Harvard

A universal history is a work aiming at the presentation of the history of humankind as a whole, coherent unit.. A universal chronicle or world chronicle traces history from the beginning of written information about the past up to the present. Universal history embraces the events of all times and nations in so far as scientific treatment of them is possible.
