Queer is an umbrella term for sexual and gender minorities who are not heterosexual or cisgender. Originally meaning "strange" or "peculiar", queer came to be used pejoratively against those with same-sex desires or relationships in the late 19th century. Beginning in the late 1980s, queer scholars and activists began to reclaim the word to establish community and assert an identity distinct ...

Queer is an early short novel (written between 1951 and 1953, published in 1985) by William S. Burroughs. It is partially a sequel to his earlier novel, Junkie, which ends with the stated ambition of finding a drug called Yage. Queer, although not devoted to that quest, does include a trip to South America looking for the substance.
