The history of white-tailed deer in New York is tied closely to the patterns of human land use and development. In their 1956 document, *History of the White-tailed Deer in New York* (PDF, 3.8 MB), former DEC biologists C.W. Severinghaus and C.P. Brown describe the distribution and abundance of deer in New York in pre-Colonial times and from the Colonial Period through the mid-1950s.
