

### **american cars the auto pdf**

The automotive industry in the United States began in the 1890s and, as a result of the size of the domestic market and the use of mass production, rapidly evolved into the largest in the world. However, the United States was overtaken as the largest automobile producer by Japan in the 1980s, and subsequently by China in 2008. The U.S. is currently second among the largest manufacturer in the ...
