Advanced Placement (AP) is a program in the United States and Canada created by the College Board which offers college-level curricula and examinations to high school students. American colleges and universities may grant placement and course credit to students who obtain high scores on the examinations. The AP curriculum for each of the various subjects is created for the College Board by a ...

AP Computer Science Principles. AP Computer Science Principles is an introductory course to computer science, "with a focus on how computing powers the world". It is designed as a parallel to AP Computer Science A, to emphasize computational thinking and fluency. It is meant to be the equivalent of a first-semester course in computer science.
