I do wish Apple would put as much effort into releasing updated user manuals both online and to download, and with properly coordinated links, at the same time they release new devices. I don't necessarily want to have to go online every time I want look something up (heresy, I know).

need a series 2 manual - Apple Community

The documents found on this website are the same documents used to research, understand and implement the projects we did. Although a lot of the information is outside the scope of the projects, it represents the sort of peripheral information needed to understand the core concepts, and to enable us to use other existing blocks of code or devices.
