Science Journal of Applied Mathematics and Statistics (SJAMS) is a peer-reviewed journal on all areas of applied mathematics and statistics that intends to solve problems in engineering, sciences, and business through mathematical, computational and statistical methods. Topics of interest include, but are not limited to: applied mechanics, approximation theory, computational simulation ...

Science Journal of Applied Mathematics and Statistics

Science and Education Publishing, publisher of open access journals in the scientific, technical and medical fields. Read full text articles or submit your research for publishing.

American Journal of Applied Mathematics and Statistics

American Journal of Theoretical and Applied Statistics (AJTAS) publishes papers developing and analyzing new methods for any field of statistics. It is expected that the papers give interesting and novel contributions to statistical theory and its applications at a good mathematical level. The results should be presented in form of theorems together with their mathematical proofs, which should ...

American Journal of Theoretical and Applied Statistics

Statistics is a branch of mathematics dealing with data collection, organization, analysis, interpretation and presentation. In applying statistics to, for example, a scientific, industrial, or social problem, it is conventional to begin with a statistical population or a statistical model process to be studied. Populations can be diverse topics such as "all people living in a country" or ...
