

assessment book with benchmark pdf

The Fountas & Pinnell Benchmark Assessment Systems (BAS) assessments are conducted one-on-one. In Part 1 of the assessment, the student reads aloud and talks about the system's original, precisely leveled fiction and nonfiction books, while the teacher observes and notes the reader's behaviors on carefully constructed forms.

What is Benchmark Assessment System (BAS) and how is BAS used?

In computing, a benchmark is the act of running a computer program, a set of programs, or other operations, in order to assess the relative performance of an object, normally by running a number of standard tests and trials against it. The term benchmark is also commonly utilized for the purposes of elaborately designed benchmarking programs themselves.
