The notion of Pareto efficiency has been used in engineering. Given a set of choices and a way of valuing them, the Pareto frontier or Pareto set or Pareto front is the set of choices that are Pareto efficient. By restricting attention to the set of choices that are Pareto-efficient, a designer can make tradeoffs within this set, rather than considering the full range of every parameter.

J Sidlow Baxter - Is there in all history a more amazing spectacle than the Exodus? - a more august and solemn revelation of God than at Sinai? - a more significant piece of architecture than the Israelite Tabernacle? - a greater human figure than the man Moses? a more influential national epoch than the founding of the Israel theocracy? All these are found in this second book of Scripture.

What could be the harm in sending a Christmas gift to a child in need? At this time of year, schools all across the country are taking part in the Christmas Box appeal, and the task is superficially noble: ask your child to fill a decorated box with toys and essential items and the charity will deliver them to a child who is living in poverty.

Why parents shouldn't support Operation Christmas Child™
