SGS construction and infrastructure services ensure you deliver buildings, infrastructure, or both to time and budget. From planning through construction and on to waste management, you can trust SGS to deliver.

Construction | SGS

Construction is the process of constructing a building or infrastructure. Construction differs from manufacturing in that manufacturing typically involves mass production of similar items without a designated purchaser, while construction typically takes place on location for a known client. Construction as an industry comprises six to nine percent of the gross domestic product of developed ...

The ADS contains the organization and functions of USAID, along with the policies and procedures that guide the Agency's programs and operations. It consists of over 200 chapters organized in six functional series: Agency Organization and Legal Affairs, Programming, Acquisition and Assistance, Human Resources, Management Services, and Budget and Finance.

Operational Policy (ADS) | U.S. Agency for International

Data Breach Response Policy. Defines the goals and the vision for the breach response process. This policy defines to whom it applies and under what circumstances, and it will include the definition of a breach, staff roles and responsibilities, standards and metrics (e.g., to enable prioritization of the incidents), as well as reporting, remediation, and feedback mechanisms.
