Paediatric Clinical Practice Guidelines The SA Paediatric Clinical Practice Guidelines are designed to assist clinicians with decisions about appropriate health care for children and young people aged 0-18 years, not including management of neonatal conditions.

Paediatric Clinical Practice Guidelines :: SA Health

Medical availability and clinical practice varies across the world due to regional differences in culture and technology. Modern scientific medicine is highly developed in the Western world, while in developing countries such as parts of Africa or Asia, the population may rely more heavily on traditional medicine with limited evidence and efficacy and no required formal training for practitioners.
