The University of Cambridge (formally The Chancellor, Masters, and Scholars of the University of Cambridge) is a collegiate public research university in Cambridge, England. Founded in 1209 and granted a Royal Charter by King Henry III in 1231, Cambridge is the second-oldest university in the English-speaking world and the world's fourth-oldest surviving university.

University of Cambridge - Wikipedia

The meaning of physics in Aristotle. It is a collection of treatises or lessons that deal with the most general (philosophical) principles of natural or moving things, both living and non-living, rather than physical theories (in the modern sense) or investigations of the particular contents of the universe.
