Of all published articles, the following were the most read within the past 12 months

Crusading Warfare, 1097-1193. R. C. Smail | Speculum: Vol

A new bibliographical introduction and an updated bibliography have been provided by Christopher Marshall, while the original plates section has been replaced by a series of new subjects. In covering the period 1097-1193, this edition also complements Dr Marshall's own Warfare in the Latin East, 1192-1291, also available in a paperback edition.

Crusading Warfare, 1097-1193 - R. C. Smail - Google Books

of which the influence on crusading warfare was recognized even by some contemporaries.² This concentration on the Latins in the East also accounts for the omission of other subjects of which some treatment might have been expected. There is no ... Crusading Warfare, 1097-1193. ...

Crusading Warfare 1097 1193 2nd Edition - chemicalstogo.com

"Crusading Warfare 1097-1193" by R. C. Smail Although first published sixty years ago, this is still a valuable book for those interested in the crusades and the crusader states. It is logically organized looking first at the strategic framework, the composition of the armies of both Christians and Muslims, then finally at the tactics employed.

will address will be the crusading expeditions, the Western European society that launched them, the Muslim

world in which the crusaders arrived and where they set up several principalities, the impact of the crusades on interfaith relations in Europe, and the long term effects that crusading

HIST 710 – The Crusades - San Francisco State University

By avoiding a chronological narrative, Smail highlights how certain features of warfare remained the same – or changed – over time. The book provides adequate footnotes for scholars, but the text itself. Although first published sixty years ago, this is still a valuable book for those interested in the crusades and the crusader states.

Description: Current issues are now on the Chicago Journals website. Read the latest issue. Speculum is the oldest U.S. journal devoted exclusively to the Middle Ages. The chronological boundaries of the medieval period are defined as approximately A.D. 500-1500. The primary geographic focus of the journal is on Western Europe, but Byzantine, Hebrew, Arabic, and Slavic studies are also included.
