Author: Grzegorz Goli. Crystal Reports vs. Microsoft Reporting Services. Reporting - generally understood as a way of presenting data and information - is one of the most important aspects of the performance management process. Performance management itself is - in a word - nothing more than asking and answering three questions about enterprise - how is it doing, why, and what to do, then?

A photonic crystal is a periodic optical nanostructure that affects the motion of photons in much the same way that ionic lattices affect electrons in solids. Photonic crystals occur in nature in the form of structural coloration and animal reflectors, and, in different forms, promise to be useful in a range of applications.. In 1887 the English physicist Lord Rayleigh experimented with ...
