Automotive Electrical Connectors. While doing various wiring tasks on my cars and in particular, while
rewiring my 1975 Suburban, I have learned a lot about various wire connectors used in the automotive

realm. I started this page as a personal "crib sheet" so I could keep track of what connectors and terminals were used in what places and to cross-reference the names I found to something I ...

Automotive Electrical Connectors - Rowand

An electrician is a tradesman specializing in electrical wiring of buildings, stationary machines, and related equipment. Electricians may be employed in the installation of new electrical components or the maintenance and repair of existing electrical infrastructure. Electricians may also specialize in wiring ships, airplanes, and other mobile platforms, as well as data and cable.
