Death is the cessation of all biological functions that sustain a living organism. Phenomena which commonly bring about death include aging, predation, malnutrition, disease, suicide, homicide, starvation, dehydration, and accidents or major trauma resulting in terminal injury. In most cases, bodies of living organisms begin to decompose shortly after death.

Disability Benefits - Social Security Administration

There are four ways of performing a judicial hanging: suspension hanging, the short drop, the standard drop, and the long drop. A mechanised form of hanging, the upright jerker, was also experimented with in the 18th century, with a variant of it used today in Iran.. Suspension. Suspension causes death by using the weight of the body to tighten the noose around the trachea and neck structure.

The American Civil Liberties Union believes the death penalty inherently violates the constitutional ban against cruel and unusual punishment and the guarantees of due process of law and of equal protection under the law. Furthermore, we believe that the state should not give itself the right to kill human beings â€” especially when it kills with premeditation and ceremony, in the name of the ...
