

english accents and dialects pdf

Spoken English shows great variation across regions where it is the predominant language. This article provides an overview of the numerous identifiable variations in pronunciation; such distinctions usually derive from the phonetic inventory of local dialects, as well as from broader differences in the Standard English of different primary-speaking populations.

Regional accents of English - Wikipedia

Chart. This chart gives a partial system of diaphonemes for English. The symbols for the diaphonemes are given in bold, followed by their most common phonetic values. For the vowels, a separate phonetic value is given for each major dialect, and words used to name corresponding lexical sets are also given. The diaphonemes and lexical sets given here are based on RP and General American; they ...

International Phonetic Alphabet chart for English dialects

The Australian Accent is renowned for its lack of regional differences. This is perhaps not surprising given that Britain settled the country fairly late in the history of the Empire (New South Wales was discovered over a decade after America's Declaration of Independence).
