The Doric order was one of the three orders of ancient Greek and later Roman architecture; the other two canonical orders were the Ionic and the Corinthian. The Doric is most easily recognized by the simple circular capitals at the top of columns. It was the earliest and in its essence the simplest of the orders, though still with complex details in the entablature above.

Sustainability is the process of maintaining change in a balanced fashion, in which the exploitation of resources, the direction of investments, the orientation of technological development and institutional change are all in harmony and enhance both current and future potential to meet human needs and aspirations. For many in the field, sustainability is defined through the following ...

A TRUE LIFE OR DEATH SCENARIO. On extended dry fasts the first few days are the roughest as the body is still optimistically holding out for food or water but once it figures out that water and food are not coming and that death is imminent if it doesn't adapt and fast to given circumstance it switches gears into survival mode" this highly adapted state IS the magical key of dry fasting.
