Games, Strategies, and Decision Making, Second Edition

Although a player does not intrinsically value strategiesâ€”for they are just decision rules, and you canâ€™t eat, wear, caress, or live in a decision ruleâ€”a strategy profile determines the outcome of the game (e.g., whether there is a kidnapping), and a player does care about the outcome.

Strategy, decision making (harrington) problem chapter 11

This game encourages participants to think about the problem-solving process. It builds skills such as creativity, negotiation and decision making, as well as communication and time management. After the activity, teams should be better equipped to work together, and to think on their feet. What You'll Need. Ideally four or five people in each team.

Team Building Exercises - Problem Solving - from Mind

single-person decision problems and multi-person decision problems. The text leaves out important elements from both decision theory as well as game theory .
