

### **geriatric medicine maintenance of pdf**

Geriatrics, or geriatric medicine, is a specialty that focuses on health care of elderly people. It aims to promote health by preventing and treating diseases and disabilities in older adults. There is no set age at which patients may be under the care of a geriatrician, or geriatric physician, a physician who specializes in the care of elderly people.. Rather, this decision is determined by ...

The American Board of Internal Medicine (ABIM) is a non-profit, self-appointed physician evaluation organization which certifies physicians who practice internal medicine and its subspecialties. It is not a membership society, educational institution or licensing body, but an organization that attempts to assess physicians through proprietary testing and completion of required modules.
