

how motivation affects learning pdf

Motivation is the reason for people's actions, willingness and goals. Motivation is derived from the word motive which is defined as a need that requires satisfaction. These needs could also be wants or desires that are acquired through influence of culture, society, lifestyle, etc. or generally innate. Motivation is one's direction to behavior, or what causes a person to want to repeat a ...

In learning theory, drive reduction theory is a type of motivational theory. Drive Reduction Theory, developed by Clark Hull in 1943, was the first theory for motivation. Drive itself was defined as motivation that arose due to a psychological or physiological need; it has a variety of characteristics that include the intensifying or fueling of responses to a situation.
