law of attraction guide pdf

Simply put, the Law of Attraction is the ability to attract into our lives whatever we are focusing on. It is believed that regardless of age, nationality or religious belief, we are all susceptible to the laws which govern the Universe, including the Law of Attraction.

What Is The Law Of Attraction? And How To Use It Effectively

The term Law of Attraction first originated in 1906 when author and publisher William Walker Atkinson released his new thought movement book: "Thought Vibration or the Law of Attraction in the Thought World" (Chicago, 1906). He also was brave enough to use the term "vibration" (scary enough word for any other author to use or understand back then).

Newton's law of universal gravitation states that every particle attracts every other particle in the universe with a force which is directly proportional to the product of their masses and inversely proportional to the square of the distance between their centers. This is a general physical law derived from empirical observations by what Isaac Newton called inductive reasoning.
