Optimized for speed. Disco contains the fastest process mining algorithms, and the most efficient log management and filtering framework. On top of that, you get an obsessively streamlined user experience, allowing you to move fast.

Process Mining and Automated Process Discovery Software

Concern about overpopulation is an ancient topic. Tertullian was a resident of the city of Carthage in the second century CE, when the population of the world was about 190 million (only 3-4% of what it is today). He notably said: "What most frequently meets our view (and occasions complaint) is our teeming population.

21st January 2014. In December Foil Vedanta activists made a trip to Zambia to investigate the operations of Vedanta subsidiary Konkola Copper Mines (KCM), Zambia's biggest copper miner, and to make links with grassroots movements, academics, journalists and those in the political system who may be questioning the unjust terms of copper mining in their country.

Copper Colonialism – Foil Vedanta Zambia report launched

The incremental learning derives its name from the incremental nature of the learning process. In incremental learning, all facets of knowledge receive a regular treatment, and there is a regular inflow of new knowledge that builds upon the past knowledge.
